

# 60 CHALLENGE

**YOUNG LIVES  
vs CANCER**  
CLIC SARGENT

## Going the distance for young cancer patients

Travelling an average of 60 miles to and from hospital for cancer treatment, can get very costly for families. Help us Challenge 60 this Childhood Cancer Awareness Month, to support families and young lives with the immediate costs of cancer.

**CHILDHOOD  
CANCER  
AWARENESS  
MONTH SEPT**
