## What is it?

We have an amount of money that we are looking to provide to individual young people aged 14 to 24 year olds who have had cancer or a bone marrow failure. This grant is in partnership with our corporate partner Societe Generale.

## What can I use the grant for?

The grant is to help you to achieve an education or career ambition. You can find out more by visiting: [www.clicsargent.org.uk/thrive](http://www.clicsargent.org.uk/thrive)

## Why the consent form?

Here at CLIC Sargent we take our responsibility to look after your data and information seriously. This form is to make sure you (and your parents or carers) know who will read your application, why and that you provide written agreement to this.

## Who will see my application?

As we have a set amount of money, we have to look at all the applications and decide in a fair way who we can, and who we can't award this grant too. So a panel of CLIC Sargent and Societe Generale staff will need to review your application.

As part of this shortlisting process we would like to share your application with a select group of Societe Generale staff members so we can carry this out collaboratively.

Your information will only be shared for the purposes of this grant application and will not be used for any other reasons. Your application will not be shared with any other third party.
